REACH Conformity

Dear Sir or Madam,

we take pride in presenting ourselves to our customers as a knowledgeable and competent REACH partner. For this reason, we remain in constant and close contact with all of our suppliers.

Owing in the information presented and close working relationships with supply chain partners, we may assure that all of the raw materials used in the manufacture of have been registered as dictated by procedures. We are immediately informed of any deviations from agreed and standard processes.

In accordance with Article 33 of the Regulations, materials suppliers are obliged to alert manufacturers and convey to end users upon request, of any occurrence of foreign substances concentrations exceeding 0.1% (greater than 1000ppm) for any delivered goods. Adherence to this requirement satisfies Article 57 also in accordance with Paragraph 1 or Article 59.

Relying on reports from vendors supplying us with raw materials and to the best of our present knowledge, none of the materials listed in the "Substances of Very High Concern (SVHC)" list, which is publically available at http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp#download in the version of June20, 2011 is applied or present in CUBO's products.

We are committed to notify you of any changes concerning the components or products we deliver to you. Furthermore, we would be happy to demonstrate the competency and effectiveness of processes contributing to our standing as a dependable and responsive supplier. We therefore welcome dialog regarding SVHC procedures with the appropriate persons in your organization. We would also appreciate learning more about the application of the products we deliver. We hope that the above information and explanations adequately serve your needs.

Please do not hesitate to contact us with any additional enquiries.

Sincerely,

Director Supply Chain Management
