

## 2 µm High Power Fiber Isolator (50W CW)

(patents pending)

#### **Product Description**

This 2  $\mu m$  passive device transmits high power light from input fiber into output fiber while blocking the unwanted light from back reflection and scattering. Agiltron's proprietary magnetic-optics technology and advanced micro-optic technique enable industrial leading performance in power handling, low loss, reliability, and cost effective. Agiltron currently provides a full range of polarization-independent, polarization maintaining, and custom design versions with a broad wavelength coverage and various output beam diameters. We have experience to incorporate special fibers.

#### **Features**

- High Power Handling
- High Isolation
- High Reliability
- Low IL, PDL & TDL
- Cost Effective

## Performance Specifications

| FSOI High power Isolator     | Min  | Typical | Max  | Unit |
|------------------------------|------|---------|------|------|
| Operation Wavelength         | 1940 | 2000    | 2050 | nm   |
| Insertion Loss *             |      | 1.2     |      | dB   |
| Isolation***                 |      | 22      |      | dB   |
| Polarization Dependent Loss  | 0.2  |         |      | dB   |
| Extinction Ratio             |      | 20      |      |      |
| Polarization Mode Dispersion | 0.1  |         | 0.2  | ps   |
| Return Loss                  |      | 50      |      | dB   |
| Optical Power Handling**     |      |         | 50   | W    |
| Fiber Type                   | See  |         |      |      |
| Operating temperature        |      | °C      |      |      |
| Storage Humidity             | 5%   |         |      |      |
| Package Dimension (Body)     | -    | mm      |      |      |

Note

\* Measured without connectors

\*\* Continuous operation, for pulse operation call

\*\*\* Back Reflect < 10%. For >10% application, please call us.

#### **Applications**

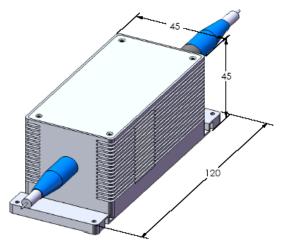

- Laser Pump Source
- Optical Fiber Amplifier
- Laser Manufacturing
- laser Marking

# 2 μm High Power Fiber Isolator (50W CW)

(patents pending)

### Mechanical Footprint Dimensions (mm)

\*Product dimensions may change without notice. This is sometimes required for non-standard specifications.

#### **Ordering Information**
